WHOLE PROTOCOL* go?

PROCESS REVIEW

“Prayer is the medium of miracles. It is a means of communication...Through prayer love is received, and through miracles, love is expressed. The Divine will direct you very specifically. You will be told all you need to know.” --A Course in Miracles

When you decide that you are in the business of making miracles, the whole Universe moves to meet you. You literally become the hands and feet of the Divine. The Divine working through you, needs you here on the planet. It needs you to perform tasks in the physical in order for physical outcomes, *miracles*, to happen.

I want to take you back to where you were when we first began this process. What was your intention for the process? Take a moment to remember.

So...

What was the outcome of your intention for the program? Did your intention change and shift as you did the work?

Did it fully manifest? Did you see movement?
What kind?

LOOKING DEEPER...

Were you able to stick with the program daily? If not, how often? Did you see movement when you were able to follow through? What happened when you skipped a day?

Looking into the future, what do you think some pitfalls are?

Getting frustrated and not following through.

Actually manifesting a miracle and then getting lax on the practice

Others

- Of all the steps, which one do you think you need more work on?

- How do you think you did on Step 7?

Of all the steps, I believe Step 7 is the most important but the one that is the most overlooked.

In fact, all the other steps really support this one!

If we could just manage our VIBRATION and VIBE with what we are manifesting, the manifestation would be complete. It would happen. It couldn't not happen.

So let's do this now. Let's vibe with our intention.

MOVING FORWARD

“Each day should be devoted to miracles. This is how you use time constructively...Miracles arise from a miraculous state of mind, or a state of miracle-readiness.”-- Adapted from A Course in Miracles

If you have made it this far and have done all the steps, your miracle is on the way, if it hasn't already arrived.

And now you are equipped with a tool that you can use for your next miracle.

The question is, will you use it? Will you continue to practice performing miracles? Will you go on to become the Miracle Master that I know you are?
