New Earth Priestess Initiation Ceremony Handout

Preparation for Initiation Ceremony - create an Intention Statement.

Your intention statement is your statement of what you intend to activate in your life through this process.

To have the highest outcome, intentions need to be stated in the positive. What you desire not what you no longer want or choose to release to get to the desire. They can be very simple and are often most effective when fairly simple.

A sample of a powerful yet simple Priestess Process intention: "I choose to align, activate, and integrate the Priestess Archetype." They can also be more complex if you prefer. Just remember whatever you put on your intention statement will be working with you fully.

One process participant tried to take on changing everything in her life in one level of the process with one intention statement. She later spoke into how overwhelming that was to her transformational journey and she ended up staying in the initiation cycle for two rounds to integrate all the changes her intention statement set in motion.

One or two powerful effective statements of intent can create profound success. If you are unsure of the wording feel free to email your facilitator for assistance. You need to create an artistic version of your intention statement with your name and date on it for the initiation ceremony. This can be as simple or elaborate as you like. There is no right way to do this. The artistic version will stay on your altar until the process is complete.
